Memo

Reorganisation of the Staff employed for the Collection of Octroi duty in the Shimoga Municipality

The present establishment costs Rs 702 per annum and it is proposed in the interests of Octroi revenue to reorganise the staff at a cost of Rs 1400/- to prevent smuggling which very often prevails under the cover of the night and at odd hours

The financial condition of the municipality

As per budget for 1901-2
now under circulation
is given below:—

Estimated receipts for 1901-2 — 18156

Estimated opening balance 1467

Total including balance 19623.

Estimated expenditure for 1901-2 — 18218

Estimated closing balance — 1405

The extra cost involved in the proposal is Rs (1400 − 702 or) 698. If this is sanctioned, the closing balance will be reduced to Rs 707, which falls short of the prescribed minimum by Rs (4539 − 707) 3832.

May the proposal be however sanctioned, subject to the submission of a report at the end of one year.

7/1901

With reference to the Assistant Secretary's memo, it is submitted that the estimated revenue from Octroi duty for 1901-2 is Rs 7775 The proposed establishment costing Rs 1400/- a year exceeds 10 per cent of the octroi revenue by (Rs 1400-778) Rs 622.

The retention of the Cattle establishment for 6 Head of Pure type, the Shimoga Town, at the reduced cost of Rs 1440, as proposed by the Board of Revenue has sanctioned in Govt Proc No 590-2 dt 35-98 by the 3rd August 1903

In his letter No 212/40 of the 24th Oct 1902, the President reported that the Conservator of Forests has decided to withhold the Contribution of Rs 240 from the Forest Deposit on account of the Cattle

Section Establishment
and that the withholding
of the Contribution would
cause much inconvenience
and so called orders on the
matter.

Whereupon the Conservator
of Forests was asked to
report why it has been
thought necessary to disturb
the arrangement sanctioned
but recently and why the
Deputy Comr was not
consulted in the matter.

In reply the Conservator
forwards copies of certain
correspondence between
the Dist Forest Officer, Thana
and himself, from which
it is clear that the Comr
(Mr K P Pattani then)
before according sanction
the discontinuance of the
contribution. He further
states that while G.O

In docket no 24.81 dated the 28th December '03 the President of the Chemaga Town Municipal Board was requested to expedite the submission of his report on the Conservator's letter no 3865 dated the 16th December '03

In reply, the President submits a copy of his ~~reply~~ letter to the Conservator of Forests, wherein he states that it was the Distt. Forest Officer that intimated the Conservator that both the President and the Vice-President had given their opinion in favour of abolishing the establishment, and that when the Municipal Board's resolution to the effect that the Forest department should be requested to pay the establishment till the matter of its continuance should be settled was sent to the Distt Forest Officer by the Vice-President

the former replied that the matter had been finally decided by the Conservator and that there was nothing more to be settled in the matter.

In reply to the Conservator's statement that if he has misunderstood the Govt. orders, the Offg: Dy: Com^{r} Coorg should have pointed out at once to him the President (Dy: Com^{r}) says that he had no reason to think that the Conservator had not properly understood the Govt. orders

Submitted for orders as to whether the contribution by the Forest Department may be ordered to be continued till the end of the current year, or the Forest Conservator's report in the matter may be awaited.

To

The Secretary to the Govt of Mysore

General and Revenue Departments

Sir,

I have the honour to Submit herewith Extract of Resolution No VI from the Proceedings of the Shimoga Town Municipal Board, dated 29th Ultimo, relating to the proposed reorganization of the Staff employed for the Collection of Octroi This is a Step rendered necessary in the interests of the Octroi Revenue The local merchants and dealers in dutiable articles are in the habit of storing such articles just outside the Municipal boundary and very often Smuggling the same under over of night, and at odd times, thereby evading the payment of Octroi duty One of the merchants by name Turthahally Thimmanna having requested permission to make a Dastan of dutiable articles outside, but quite

Contiguous

"Contiguous to the Municipal Limits, the — matter was discussed in a Sub-Committee of the Board, Copy of whose Proceedings is enclosed. The Sub-Committee's proposals were fully discussed in the Boards meeting of the 29th June last, when it was unanimously resolved to Strengthen the Octroi Establishment of the Town, with a View to exercise the Greatest possible Vigilance and Supervision on taxable articles entering the Municipal Limits The enclosed Proposition Statement furnished particulars of the reorganization, which consists in removing the anamoly of having Kolkars on Rs 4 and 5 per mensem, with immense opportunities for defrauding Municipal Revenues, and Substituting a fairly well-paid Staff It is proposed to incur the additional Expenditure thereon Shown as a Special - Case, only for two years during which time with the precautions now being taken, there is every hope of Securing an improvement in the Revenue under Octroi

2 The District Forest Officer proposes the Amalgamation of the Forest Staff, ~~~ Separately employed for Checking the import of lumber and firewood into the Town, with the local Octroi Establishments on Condition of the Forest Department paying Rs 20 per mensem, to the Municipality and lending the Services of one of their Head-Guards, to Supervise the Octroi Collections also, an allowance being paid to him for the purpose from Municipal Funds. A Copy of his letter on this Subject to the address of the Conservator of Forests N-08, Dated 3rd Inst, is enclosed The proposal has been accepted and the Proposition Statement referred to accordingly provides for the said Sum of Rs 20 per mensem, as a Contribution payable from the Forest Department, and also for an allowance being paid to the Forest Head Guard from Municipal Funds

3 Under the above circumstances, I request the favour of Government Sanction being accorded to the proposed increase of — Expenditure under the head of Octroi

General No 8

Sir,

1 I have the honour to submit the following proposal for Consideration and orders

2 There are 5 Kattes or Thannahs within the Municipal limits of the Shimoga Town, and a Forest Guard has been placed at each to check the import of timber and firewood into the town The issue of licences for firewood (head loads) has been discontinued of late after your recent visit to Shimoga and the duties of the Forest Staff have been considerably lightened in Consequence and it is questionable whether such a large Forest Staff

Staff should still be maintained in a town where the police and Municipal Staff is not under manned

3 When receiving charge of the District Forest Office Mr Bapu Rao had given me a hint about this and I would therefore suggest that the services of the Forest Guards employed in the town be utilised elsewhere in the District where urgently needed, and the Kattle Kolkars of which there are 10 (2 for each Kattle) be paid Rs2 each by the Forest Department (the charge being met from the General Savings in the District Forest Budget) as a remuneration for the additional duties of the Forest Department which will devolve on them I presume the Deputy Commissioner has no objection to this arrangement.

4 A Head Guard will however be posted to the Town to supervise the work of the Kattle Kolkars and to prosecute Forest Offences Committed in the town, but to make this supervision effective owing to dual duty of the Kolkars

Kolkars (Municipal and Forest) it is perhaps desirable that the Head Guard's services be also utilised by the Municipality in bringing to light offences against Municipal Law, some allowance being paid to him out of Municipal Funds, a proposal which, of Course requires approval and Sanction of the Deputy Commissioner who will be addressed Separately on the Subject

I have the honour to be,

Proceedings of the Sub Committee of the Municipal Members of the Town of Shimoga appointed in Resolution No IV of the Proceedings of the Municipal Board dated 25th May 1901

The Sub Committee met on Sunday the 9th instant at 8 A M in the District office Treasury Court Room for a free and full discussion of the Subject then coming before the Sub-Committee, the principal merchants concerned were invited as shown in the list appended in which the names of those that attended the meeting are underlined

2 Petition dated 27th April 1901 presented by one of the merchants by name Sathalli Manjanna requesting permission to store the articles in a House which he has purchased from C Gundappa and which is situated the limits was read, and the person and the other merchants

merchants present asked to say what they would propose to prevent fraud as regards the importation of dutiable articles which is admittedly practised especially in Consequence of the storage of such articles close to the town beyond the margin of the Municipal Limits

3 On a full discussion of the Subject, the merchants present said they were quite unable to suggest any means by which Smuggling Could be prevented, and it was observed that to let the Traders Concerned make Distan of taxable articles within the Municipal limits, was no remedy The petitioner Manjanna himself was unable to say how Smuggling Could be checked if he were allowed to store articles as requested by him

4 The merchants then left The members of the SubCommittee afterwards discussed the matter further among themselves and

Came to the Conclusion that in the interest of the Municipality it would not be advisable to allow Storage in the place where Sahu Har Jethabally Manjanna requests permission to store articles liable to Octroi—

5 The existing practice according to which merchants and dealers Concerned make Deals of taxable articles close to the Town just outside the Municipal Boundary Concerned has been operating very prejudicially on Municipal Revenue under the important head of Octroi or Town duties Pending some effective Legislation on the Subject Suitable Executive action is urgently called for Hence as a means of imposing some check on the Smuggling of dutiable articles into the Town the members beg to propose:—

(1) That the present practice of Mafi chits issued in one gate or Katte, viz that where the articles covered by them are observed to enter the Town being collected at

at the other whence the same make their exit be discontinued, it being ruled, as in the case of the Sanyas articles viz Sanyas, that these Clubs should be taken to the place of destination therein specified and there handed over to the Chief local Revenue or Police or Municipal authorities who will after endorsement thereon of the date of delivery, return the same to this Municipality for being put together with the Original Counterfoils Like the Sanyas Rahadaries a reasonable time for the articles therein mentioned reaching the place of intended destination may also be mentioned in such Trafic Chits in the Head Katte here

(11) The Dastan of Dutiable articles in the Villages surrounding the Town Municipality within any a radius of five miles, may be declared liable to inspection by such authority as the Deputy Commissioner might appoint in this behalf, the Dastan-keeper being required to keep accounts of the disposal of such articles and to be

responsible

responsible for production of the same on being called upon to do so by such Authority

6 The first of the above proposals is merely a request to give to the Octroi System the full benefit of the Sayer Procedure and is expected to minimize chances of fraud now practised It would act as a check on the petty Octroi Kolkars at the Town Nakes leading to detection of fraud

7 The second proposal is calculated to go a great way as a means of safeguarding the interests of Municipal Revenue from Octroi by reaching the very Source of Smuggling nearest the Municipal limits and creating facilities for prevention of fraud

Proceedings of the Sub Committee appointed in Board's Resolution No V dated 25th May 1901 to Concert measures for Safeguarding the interests of Octroi Revenue

The Proceedings of the Sub-Committee were read and fully discussed It was observed that the existing practice under which merchants and dealers in dutiable articles store their goods close to the Town just outside the Municipal Boundary has been operating very prejudicially on Municipal Revenue under the important item of Octroi or Town Duties. In the absence of some effective Legislation on the subject close and Vigilant Supervision and detection of Smuggling are the only safe Course open to the Municipality

The Octroi staff requires to be strengthened and manned by a better quality of men The present staff is too poorly paid for the responsible work Entrusted to them, a Kolkars pay being as low as Rs 14 per month

Proposed by the Vice-President and seconded by Mr M Sethu Rao and Carried nem con that the Octroi Establishment be reorganized, fifteen per cent of the Octroi realizations being sanctioned as a maximum limit of Expenditure for a temporary period of two years

staff of the Shemoga town and
the amalgamation of the Forest-
Timber-checking staff with the
town Octroi Establishment- as a
tentative measure till the end
of the current official year, I
have the honour to state that
owing to the prevalence of Plague
in the town when the sanction
was received, it was deemed
advisable to postpone giving
effect to the arrangement to a

more convenient date. As the town is now comparatively free from Plague and people have been returning to their homes and resuming their business, orders have been issued to carry the revision into effect from the 1st June 1902. I accordingly request that Government will be pleased to accord sanction to the revised scheme being continued to work during the official year 1902-1903

Sir,

With reference to Government
Proceedings No 2148-50 / 2735-58 dated 28th August 1902
calling for the Submission of a report as
to the result of the working of the temporary
octroi and toll establishment entertained
in the Shimoga Municipality from the 1st
of June 1902 for the collection of octroi
tax, I have the honor to state that in a
meeting held on the 30th Aug 1903 the
Shimoga Town Municipal Board resolved
to have a Kolkar at Rs 7 each and 8 Kolkars
at Rs 6 each per mensem having due

regard

regard to the present requirements, and to continue the present establishment for collecting the dues of the Forest department for a further period of one year i.e. to the end of June 1904

A copy of the resolution is herewith submitted for information.

The temporary octroi staff has been working satisfactorily. It keeps a good watch over the importation of the dutiable articles into the town and thus largely helped in preventing smuggling. It has detected 20 cases of smuggling of various dutiable articles imported into the town and brought them for trial before the Treasurer, Port Commissioner. All the above cases in this connection. In some of the cases confiscation of the property was ordered and in others double the ordinary duty was levied

No. 1 Revised

The Sum realised from this source was as 463-12-1.

I Submit herewith for the information of Government a statement showing the amount collected for each of the dutiable articles from the beginning of the official year to the end of May 1903, together with the collection of 4 previous years. of will be seen from the statement that as 6438-0-8 were collected to the end of May 1903 which was no doubt the average collection of an ordinary year

The result of the working of the temporary staff would have been more satisfactory, had it not been for the re-recrudescence of plague during the year especially during the trading season when almost the whole town was evacuated and the traffic was at a stand still

A proposition statement showing the permanent and temporary staff and the reduction proposed in the temporary

or two

(octroi forest-) staff of the Shimoga town is enclosed

I beg that sanction of Government may be accorded for the entertainment of the proposed temporary establishment as shown in the proposition statement to the end of June 1904, as a temporary measure when a further report will be submitted

Sir,

With reference to your observation in your letter No 3865 of 1st December 1903, addressed to the Secretary General and Revenue Departments, copy of which has been sent to me for my remarks, to the effect that if you had misapprehended the orders of Government, I could have pointed out that fact to you and asked for further instructions regarding your docket No 1075 of 7th August 90

These proceedings of Government were communicated as usual to the District Forest Officer

In your docket No 8294 dated 20th June 1903 addressed to the District Forest officer, you wished to know why the establishment in question should not be dispensed with and on this docket Mr Puttannachetty noted "Please consult the Vice President" The District Forest officer in his No 84 of 31st July 1903 informed you that both the Deputy Commissioner and the Vice President had given their opinion in favour of abolishing the establishment Later on Mr Venk aramappa

Sent a copy of your No 675 dated 7th August 1903 to the Vice President intimating the abolition of the Establishments. When a copy of the Resolution of the Shimoga municipal Board to the effect that the Forest Department should be requested to pay the Establishment till the matter of its continuance should be settled, was sent to the District Forest officer by the Vice President, the former replied that the matter had been finally decided by you and that there was nothing more to be settled — although as understood by me the abolition required the final Sanction of Government who had sanctioned the continuance of the establishment till end of June 1904. You say I might have pointed out this to you but I must beg to say that I had no reason to think you had not properly understood the Government order that the abolition required yet another Sanction
